NOTE: The attached transcripts are from interview made in 1964 between MG Chester V. Clifton and Gen Earle Wheeler. At the time of the interview, that portion between pages 17 and 26 was considered Classified. The transcripts have been submitted to this Directorate for Security Review prior to being turned over to the J. F. Kennedy library for inclusion in the John F. Kennedy library oral History Project. Both officers are now retired from active duty, and as such are subject only to a courtesy review for security. We request that your agency review this transcript to identify information known to be classified or which, in the opinion of your agency, warrents classification. It is requested that reasons for this judgement be given and recommendations made for appropriate classification (if applicable).
